## ***TNR PUBLIC MEETING – MAY 31, 7:00 pm***

The Borough of Highlands, working with the MCSPCA and 21 Cat Colony Managers participate in the TNR [Trap Neuter Release] Program.

Our MOU [Memorandum of Understanding] with the MCSPCA was updated in November of 2016 to include up to 200 cats per year at a reduced fee. The fee for the program includes: trapping, neutering, ear tip, rabies vaccination, micro-chip and blood tests for each cat.

Please join us on May 31<sup>st</sup> 7:00pm at the Community Center, 22 Snug Harbor for an informational meeting with our SPCA representative and Colony Managers.

Spring means kittens so please come to learn how this program controls the cat population in a humane manner. This program helps our community by curbing the amount of cats that can reproduce, offering unwanted cats & kittens up for adoption and removing diseased cats.
